## **WELCOME TO THE 18<sup>TH</sup> UCTE TRIENNIAL CONVENTION!**

On behalf of the National Executive, I welcome you to our/your 18th Triennial Convention. It has been a long road getting to this point, and fraught with all sorts of challenges and unforeseen events -- but here we are, at last!

UCTE is about to experience a great first! Given the current circumstances, here we are with a virtual version, thanks to today's technology. If you haven't already done so, please take a moment to explore the platform.

The staff has incorporated a variety of events during breaks, hopefully making your time in front of your screen more interesting, including 10-minute wellness sessions which will begin at the afternoon break.

We have a full agenda. We thank you for your patience and cooperation as we work together on the platform. Please do not hesitate to contact the technicians if you encounter problems.

Have a great Congress, everyone!

Dave Clark  
National President

## **TODAY'S CAUCUSES**

## **CCG: SURVEY ON PSYCHOLOGICAL INJURIES IN THE WORKPLACE**

The University of Regina is conducting a survey on work-related psychological injuries of public safety personnel. Specifically aimed at the Canadian Coast Guard and Conservation and Protection Officers, this university survey will examine the impact of the unique work performed by CCG members on themselves and their families.

The results of a similar survey were used as the basis for the Federal Government's \$20 million Action Plan on PIW.

UCTE encourages all CCG members to participate. To learn more about the survey, [click here](#).
